

PLEASE FOLLOW ALL INSTRUCTIONS BELOW (NEW FREEDOM WATCH TV APP)

Click the Home Button (picture of house on the remote)

Go to the downloader app (navigate to the magnifying glass in the upper left-hand corner to search OR use voice search, by pressing and holding the microphone button, say downloader and release the button) or use FIND on newer layout.

Click downloader

Then go to <http://www.freedomwatchtv.org/fwtvapp-3/> (New App)

Install app

Then Search for VLC and install as well before launching the FWTV app

Open the FWTV app

Log In using your credentials from Freedom Watch TV (Username and password)

Update "LIVE TV" "MOVIES" "SERIES"

Go to settings (sprocket icon in the upper right-hand corner)

Go To General Settings

Go to Set User Agent (Remove Default Text and replace with your NAME or HOUSE NAME and LOCATION there, e.g., Jenny Jones Master Bedroom)

Save Changes and then Back

Select EPG (Refresh EPG)

Press the Back button

Go to External Players and click ADD PLAYER and select VLC and click ADD

Press the Back Button

Go to Player Selection (set all selections to built-in player except catch-up, set catch-up to VLC)

Go to Player settings

Make sure it is set to HARDWARE and OPEN-GL PIXEL FORMAT

We added a Buffer Limit Size (Increase to help with buffering on slower connections)

SAVE CHANGES

BACK

RUN SPEEDTEST (DOWNLOAD MUST BE ABOVE 50 MEGS FOR BOTH UPLOAD AND DOWNLOAD)

Go back to Main Menu

Select Movies

Select ALL

Go to the 3 Dots upper right-hand corner

Sort

Recently Added

Repeat steps for SERIES (series/ALL/3 Dots/Sort/Recently Added)

Enjoy! (Please remember to check our notifications daily via the Bell Icon in the top of the FWTV app)
